SUMMARY

I am a full stack developer with one year of commercial experience. I have a solid understanding of HTML, CSS, JavaScript, React, Redux, Next.js, Tailwind, TypeScript, Node.js/Express, MongoDB, PostgreSQL, Neon DB, Supabase, Strapi, Payload CMS, React Native, Clerk Auth, OpenAI, Paddle, LiqPay. I am committed to continuously learning new technologies and enhancing my IT skills. I like to work for hours and hours and to focus on different tasks. I always say - it is important to challenge yourself, and to enjoy it no matter how difficult it can be. Therefore, I am up for any challenge.

PROJECT EXPERIENCE

- CafeTobi [HTML, JS, React, Next.js, Redux Toolkit, Redux-Persist, Axios, Poster, LiqPay]
It is a commercial project. A full stack restaurant website where you can view the menu, order food for delivery, pay online. Role: full stack developer (the design and development is all mine).
- Card Real Estate [JS, Next.js, Payload CMS, Neon database, Typescript, Node/Express, Clerk AUTH]
It is a commercial project. A website connected to a Payload CMS and Neon database, with authorization - for real estate agents. Role: full stack developer.
- Letterpal App [JS, Next.js, Tailwind, Strapi CMS, Postgres, Neon database, Typescript, Node, Clerk AUTH, Paddle, OpenAI, TipTap]
It is a commercial project. A website to generate a cover letter in seconds with artificial intelligence. Role: full stack developer. I can show it in the private call.
- Pets, Link [HTML, JS, Vite, React, Redux, CatAPI]
The app for getting to know different breeds of cats in enjoyable way. Pet project.
